Sai Siddhardha Narisetty

For the precise use of location and get prior alert messages

We need to access the location while to see the alerted zones

And they provide correct informations native zones

S V S Dheeraj Kumar

We can send grid type of alert messages

If the person encountered into the marked zones the alert messages are sent via mail

Users can see the updated alert zones before moving to the destination point

Sai Reddy Dodda

How can we push the notification to the user

Can we send the alert messages through App notificaion

If we want push the notification we need to provide the alerted zones

Somu Sampath Reddy

User can share their status as public whether they affected or not

User must keep updated of their app for better reliable of data

User can access the nearby pharmacy with limited no.of tablets without Doctor prescription

Ujjini Vijay Kumar

We might  
face lot of  
challenges

We must  
develop both  
web & mobile  
application for  
the various kind  
of users

The alert  
messages  
should be  
some  
interactive

Step-3: Idea Prioritization
